Dear Sir,

This is in regards to the notice of your decision, sent August 27, 2004:

In re Application of
Kenneth Craig Barker
Application No. 10/608,977
Filed: June 28, 2003

I respectfully request that the above mentioned application be renumbered, to exclude page 36, prior to the first office action. Page 36 appears to have been omitted, however it contains no pertinent information and can be considered nonessential to the specification and claims of said application.

It is my hope that you will consider this a nonsubstantive change to my application. I wish to maintain the benefit of Provisional Patent No. 60/393,441 07/02/2002.

Sincerely,

Kenneth C. Barker
